Remarks Keystone Crossing is one of the most connected and commutable neighborhoods in the Triangle, and this move-in-ready home is nestled on a quiet cul-de-sac and backs up to private natural space. Hardwoods welcome you in the foyer and span the open living kitchen and dining. A large quartz island defines the space and a new backsplash wraps the food prep area. Newer appliances, including a washer and dryer, convey. Two large guest rooms share a Jack-and-Jill bath and the owner's suite features a soaking tub and large walk-in closet. There's tons of storage, the laundry is upstairs, there's a large garage and a fenced back yard. The HOA dues are low and include the pool! Go ahead, lay down some roots!
